Why visit our showroom?

Try before you buy

You'll get a full product demonstration (and training) and will have the opportunity to try various options, so you can make sure you're completely comfortable before buying anything.

Get free advice

Visiting in person means you'll get personal advice and a proper assessment of your needs. We've been around for 40 years so you can be confident you'll get advice you can trust.

A friendly, no-pressure environment

You will never experience any hard-selling – ever!

Local technical and after sales support

If you do have any issues, or you need more help with using your new equipment, we're only ever a phone call away.

It's all about getting the right solution for you.

Opening hours

**Monday to Friday,
8am to 4pm**

You can call into our showroom at any time during our opening hours but if you'd rather book an appointment so we can give you our best attention, just let us know.

To arrange an appointment

T: 01473 741 144

E: showroom@felgains.com

Access

As you'd expect, our showroom is fully accessible, with a disabled toilet and Changing Places facility. There's off-road parking right in front of the entrance, which is step-free. Inside, the showroom is very spacious so you can comfortably manoeuvre wheelchairs or scooters.

Ways to order

If you are unable to visit our Ipswich showroom, you can also place an order by phone, email, online or post:

☎ 01473 741 144

📍 33 Knightsdale Road, Ipswich, IP1 4JJ

How to find us

Felgains
33 Knightsdale Road,
Ipswich, Suffolk, IP1 4JJ

Travelling from Colchester, Bury St Edmunds & Norwich:

Take the exit marked A1156 Ipswich West and North off the A14. Follow signs to Ipswich A1156.

Follow Bury Road into Norwich Road. Turn left after the railway bridge into Dales Road.

The second road on the left is Knightsdale Road. We are 100 yards down on the left.

Travelling from Woodbridge, Aldeburgh & Lowestoft:

Turn right off the A12 at the Roundabout marked Ipswich A1214.

In Ipswich, follow signs marked A12 Colchester/ A14 Bury. Turn right into Henley Road at the traffic lights. Turn left down Dales Road. Go straight over the crossroads.

Take the second road on the right into Wharfedale Road. At the top, turn left into Knightsdale Road. We are 100 yards down on the right.

Home Assessment

Did you know Felgains offer free home assessments for a variety of different products? We will discuss your needs and what options are available with you before providing a tailor-made quotation. If you have an Occupational Therapist involved, these assessments can be carried out as a joint visit.

- Riser Recliners
- Prescriptive Wheelchairs
- Prescriptive Powerchairs

We will also visit for larger equipment that requires installation:

- Stairlifts
- Overhead Hoisting
- Care Baths
- Changing Places Facilities

Felgains can also carry out other Assessments at our showroom in Ipswich, where there is a wider product range to try - such as Bath Lifts, Walkers, Scooters and Upright Chairs. We have plenty of space for you to try them all out.

If you do have problems with getting into the showroom, we can help. Give us a call to see how 01473 741144.

VAT relief

If you have a chronic, long-term illness or disability, you can purchase many of our products with VAT zero-rated by completing an exemption form at the time of purchase. We will let you know where this applies and, if required, a family member or friend can fill this out on your behalf.

To find out more, please go to: www.felgains.com/vat

Stable, confident and ready to go.

'Thank you very much for the helpful and friendly service you have given us with our new wheelchair. We can now enjoy our holiday in Scotland 'in comfort' thanks to you all.'

Freedom DE08L Powerchair

The DE08L has a clever design frame which separates into two manageable sections with the heaviest part being 15.5kg making it easy to disassemble for travel and transport. The DE08L retains the classic sturdiness of the Freedom Chairs and allows the end user to drive on uneven surfaces such as gravel, grass and cobblestones. This powered chair can turn on its own axis, making it much easier to manoeuvre, benefits from electromagnetic brakes that automatically hold you as soon as the joystick is released. The motors can be set to freewheel mode allowing the chair to be manually pushed by an attendant if required.

Other useful features include Raisable Armrests, Joystick with USB & LED Light, Attendant or Dual Controlled, On-Board Storage and a Travel Bag.

Aerolight Combinations

Use the Aerolight Xtra in combination with the Doorline Multi for access up and over most threshold types and heights.

- ✓ PVC Door Threshold
- ✓ Step/Stairs
- ✓ Wood/Level Access Door Threshold
- ✓ Available as a kit for a more cost effective option.

Permanent Ramps Overview

Permaramp

The Permaramp system is designed for semi-permanent access with a range of easily adjustable ramps that can be installed for every type of threshold.

The system is great where you need something between a completely portable and fully installed ramp. It can be left in place as long as required and then removed or re-located.

Welcome modular wheelchair ramp system

The Welcome modular wheelchair ramp system offers great solutions where platforms, handrails or simply a permanent installed external ramp is required. These systems make longer ramps possible and are ideal for higher levels.

Available in multiple configurations to suit your requirements – the system is completely modular and highly adaptable. It's also easy to modify or remove to when needs change, avoiding any disruptive demolition work.

Handy Bar

The Handy Bar, with its soft grip, non-slip handle and strong forged steel shaft, creates a safe, solid support handle which fits in the U-shaped striker for help getting in and out of the car.

Outdoor Rail

A weather-resistant grab rail with an inner aluminium tube for extra strength and non-slip mouldings for great grip.

Length: 450mm/18in

Leg Lifter

A webbing strap with a rigid stem that helps you move or lift your legs onto a bed, wheelchair, footstool or when getting into the car.

Rota Cushion

A soft padded cushion with two low friction layers that rotate against each other to make swivel transfers easier – ideal for car seats or dining chairs.

Wooden Transfer Board

Suitable for assisted or independent bed, wheelchair and car transfers. Made in the UK from high quality FSC grade 15mm birch plywood.

SWL: 190kg/30st

Curved Transfer Board

Suitable for assisted or independent bed, wheelchair and car transfers.

SWL: 150kg/24st

Tubular Slide Sheets

A general purpose tubular slide sheet that makes moving or turning easier with less risk of shearing to the skin.

Range of Sizes Available

One Way Quilted Unislide

A one-directional slide sheet that prevents you sliding forward in a chair by locking into position. It also makes positioning much easier for a carer.

Stairlifts

Felgains supply and fit a range of stairlifts to make getting up and down your stairs significantly easier. Get in touch today to find out more and arrange your free survey.

HomeGlide Stairlift

The HomeGlide is a straight flight stairlift that combines a simple but modern design with robust quality and reliability.

Features and Benefits

- Operation of the stairlift is very easy with a simple joystick control; remote controls are also provided so you can park the stairlift at either end of the stairs or, if there are multiple users, call it to your level
- Slimline design includes a folding footrest, seat and armrests, leaving space free for other stair users
- Slimline rail and concealed drive rack provide a more discreet look
- A manual swivel seat allows you to safely transfer at the top of the stairs

Flow X Stairlift

The Flow X is a curved flight stairlift with the unique capability of swivelling during travel up and down the stairs. This allows it to be fitted to extremely narrow staircases – and means you're always in the safest and most comfortable position. Its modern, slimline design includes a folding seat to maximise free space on the stairs.

Features and Benefits

- Very smooth ride with ergonomic seat and curved armrests for maximum comfort and security
- Drop-nose at the bottom of the rail avoids obstructing doorways
- Top over-run facility allows you to travel right onto the landing, away from the staircase
- Remote controls are also provided so you can park the stairlift at either end of the stairs or, if there are multiple users, call it to your level
- A manual swivel seat allows you to safely transfer at the top of the stairs

Raizer Emergency Lifting Chairs

The Raizer is an emergency lifting chair that is assembled around a fallen person to lift them up from the floor after they have had an uninjured fall. When responding to a fall, you can use the Raizer chair to lift a fallen person from the floor quickly, safely and with minimal effort. This removes the need to call an ambulance and wait for a long time on the floor, both improving the quality of care for organisations and giving peace of mind to loved ones.

There are 2 Raizer models:

Raizer 2

The fast, safe and stable way to lift a fallen person

Faster, stronger, and more stable than traditional inflatable lifting cushions - and an upgrade on Raizer I - the Raizer 2 is an ideal solution for transferring a fallen person from the floor to a sitting or standing position.

Technical Information

- Safe Working Load: 150kg/24 stone
- Seat Dimensions: W540 x D250mm
- No. of lifts on a full battery: approx. 80
- Total Weight: 13kg
- Warranty: 2 years (if serviced annually)

Even Easier To Assemble

Four identical legs and two identical backrests to ensure correct assembly every time - complete with audible tone when correct.

On-Unit Remote Control Storage

Never worry about losing your remote control again. Simply click it into the seat unit when not in use.

New More Intuitive Auto-Stop

Simply pull out the button to immediately halt the operation of the chair.

New Improved Ergonomics

For superior user comfort and convenience.

Find out more at: www.felgains.com/raizer2

Not sure which Raizer is best for you? Check out our comparison video and article online at: www.felgains.com/raizer-comparison

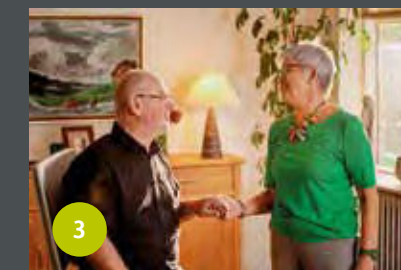

How the Raizer works

1 Assemble the Raizer M around the fallen person

2 Insert the crank and rotate to lift the chair to a seated or perching position

3 Once upright, transfer to standing or a nearby chair

Raizer M

The manual lifting chair for use at home

The Raizer M is a manually operated emergency lifting chair that offers the same quality, safety and stability as the rest of the Raizer lifting chair family but at more affordable price point.

An ideal aid for lifting a fallen person from the floor at home, the mechanically operated Raizer M manual lifting chair allows you to lift a fallen person in under 5 minutes.

Technical Information

- Safe Working Load: 150kg / 24 stone
- Total weight: 12.4kg •
- Lifting cycle Time: 1-5 minutes

Manual - no batteries or charging, so it's always ready

Very simple - no buttons or lights to understand

Designed to be affordable for domestic and occasional use

The same quality, safety and stability as you'd expect from the Raizer 2

Find out more at: www.felgains.com/raizerm

There is also a range of accessories to help you keep your Raizer clean, tidy and help you get more out of it. View the range at: www.felgains.com/raizer-accessories

Technical information

Backrest height: 660mm/26in

Seat width: 390mm/15in

SWL: 140kg/22st

Weight: 11kg

Colour:

Mangar Bathing Cushion

The Mangar Bathing Cushion is designed to allow you to lie right down in the bottom of the bath, with the option of leaving the cushion semi-inflated for comfort and support. Once the cushion is inflated, the hand control is used to deflate the cushion, gently lowering you into the water. The cushion itself weighs just 2kgs, making it exceptionally light and portable.

Options

- Storage/carry bag

Technical information

Width: 580mm/23in

Backrest height: 330mm/13in

SWL: 150kg/24st

Weight: 2kg (excluding compressor)

Bathroom adaptations

If your bathroom is no longer meeting your needs, you might be exploring how it can be made more accessible.

As well as providing bathroom aids and hygiene equipment, we've partnered with a specialist company who convert existing spaces into accessible bathrooms and wet rooms.

Eastern Adaptations install a range of level access and walk-in showers throughout Norfolk, Suffolk, Cambridgeshire, Lincolnshire, Northamptonshire and Essex.

A family-run business, they have a respectful and dedicated team of professionals who offer exceptional knowledge and over 20 years of experience caring for those with limited mobility.

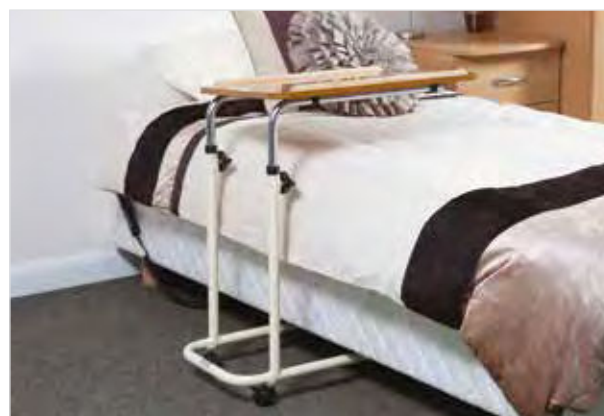

Felgains are Eastern Adaptations' approved local partner for bathroom adaptations throughout East Anglia.

If you're looking at adapting your bathroom, please get in touch and we can arrange an assessment.

- Integral bed lifter for height adjustment
- Massage
- Bedside grab rail
- Heavy duty model available (weight limit 35 stone)
- Waterproof mattress covers

Mattress options

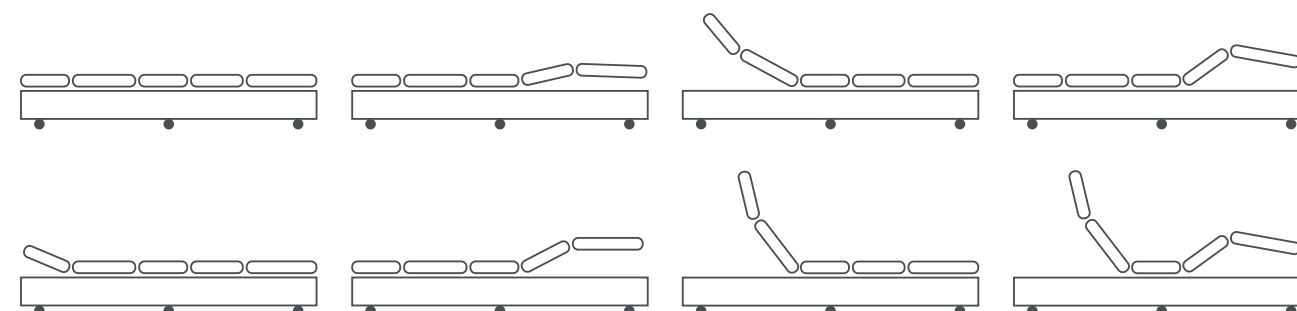

- Orthopaedic Comfort Reflex
- Triple Comfort Reflexion Memory Foam
- Latex Mattress

Movements for Comfort and Care

4 Axis - 5 Part Action Electric Adjustable Double Bed

This range of adjustable electric beds enable you to design the perfect bed for you. Featuring easy to use handsets that operate the ultra-quiet motors allowing you complete control at the touch of a button.

Grab Rail Option

Headboard Options

Medley Ergo Select Care Bed

The Medley Ergo Select is a height adjustable 4-section profiling care bed that provides excellent quality, functionality and affordability.

The mattress platform is designed to reduce shear and friction and to prevent sliding when the bed is profiled. Twin height positions for the mattress platform also allows the height adjustment range to be tailored to individual needs.

The Low model offers a lower start height for users who are more vulnerable to falls.

- Options**
- Lifting pole
 - Wooden side rails
 - Bed end covers
 - Mattress extension kit

Technical information

Height (Standard version):
400 – 800mm/16 – 31in or 330 – 730mm/13 – 29in

Height (Low version):
210 – 610mm/8.3 – 24in or 280 – 680mm/11 – 27in

Length: 2240mm/88in

Width: 1020mm/40in

SWL: 180kg/28st

Bed Backrest

A foldable backrest that can be adjusted in angle for extra support and comfort in bed.

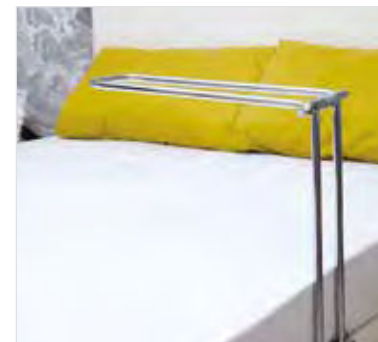

Bed Relaxer Wedge

A comfortable wedge cushion that can be used at two angles to support either your back or legs in bed.

Bed Lever

A sturdy support handle for safely transferring in and out of bed with a large base that slips under the mattress for maximum stability.

Folding Bed Cradle

Fits under the mattress to support the weight of bedding – ideal for avoiding contact with fragile or bandaged skin.

SleepKnit Smart Sheets

A washable knitted sheet with multi-directional stretch for use with a profiling mattress

Available in single and double bed sizes.

Repose Mattress & Pump

An inflatable static overlay mattress which offers clinically-proven effectiveness in preventing pressure damage. It is stored inside its pump, making it highly portable and ready for use quickly.

Length: 1780mm/70in
Width: 780mm/31in

Shoe Horn

Long-handled plastic shoe horn with a loop handle.

Stocking Aid

Assists in putting stockings or socks on if bending or reaching to the feet is difficult. Available with a double gutter for tights.

Ezy-On Stocking Aid

A sturdy frame that enables easy application of compression hosiery, available with longer handles to reduce bending.

Tenby Rise & Recline Armchair

The Tenby is a made to measure electric riser recliner with a comfortable waterfall back and contemporary flat arms – ideal if your arms slip off traditional scrolled arms or you like a more modern look.

Features & Benefits

- ✔ Super comfortable seating with full-length duvet
- ✔ Multi-angle lifting, including vertical or flat lift, enables a tailored lift angle, ideal for muscular dystrophy or hoisted transfers
- ✔ Tilt-in-space action as standard provides optimum positioning and pressure relief

Options

- Single TIS or Dual TIS motor actions
- Wide choice of fabrics including leather and wipe-clean vinyl
- Head or neck pillow
- Anti-macassar
- Arm covers
- Braked castors
- 10-day battery back-up
- Anti-entrapment system
- In-built pressure relief (visco foam or gel)
- Removable arm
- USB port

Valu Upright Chair

The Valu is a budget high seat chair available in wipe-clean and waterproof vinyl, with a solid hardwood frame for stability. It's an ideal choice for use in assisted living or after discharge from hospital.

Features & Benefits

- ✔ Removable seat cushion means you can use an existing pressure relief cushion if needed
- ✔ Extended wooden handgrips make getting out of the chair easier
- ✔ High back chair with wings as standard for extra comfort

Options

- Beech frame as standard; other finishes available on request
- Choose from a range of healthcare fabrics
- Matching side table

Dimensions	Standard
Seat width	20.5in
Seat depth	18in
Seat height	20.5in
Back height	27in
SWL	127kg/20st

Glida Chair with Skids

The Glida dining chair has a skid base which allows you to easily slide the chair to and from the table. The skids also add strength to the solid beech frame of the chair. Available in a range of wipe-clean and waterproof vinyl upholstery.

Features & Benefits

- ✔ Extended wooden handgrips make getting on and off the chair easier
- ✔ Comfortable and supportive upright seat, ideal for dining rooms

Options

- Beech frame as standard; other finishes available on request
- Choose from a range of healthcare fabrics
- Matching side table

Derby Furniture Raisers

Strong and stable, Elephant Feet furniture raisers have a wide top with a central recess to safely locate castors. They're a simple and quick solution that can be removed easily if needed.

Height: 10cm/4in, 14cm/5.5in

SWL: 380kg/60st

- ✓ Armchairs
- ✓ Sofas
- ✓ Beds

Leg-X Chair Raisers

Designed for chairs with straight, curved or splayed legs, the Leg-X raisers provide a tight and secure fit using flexible internal fins which grip any leg up to 35mm (1.5in) square. A smooth domed base also allows the chair to be easily moved, so they're ideal for dining chairs. Drop-in blocks can be added to raise the chair to the desired height.

Height: 75 – 125mm/3 – 5in

SWL: 380kg/60st

- ✓ Chairs

Linked Chair Raisers

A set of four linked chair raisers for the highest level of stability, supplied with height adjustment insert blocks that allow you to change the height depending on your needs.

Height: 50 – 100mm/2 – 4in

SWL: 500kg/78st

- ✓ Fireside chairs

Suregrip Furniture Raisers

The Suregrip furniture raisers are the most versatile option and can be used with most types of furniture, accommodating castors, legs, solid divan bases and even block feet, using the optional adaptors. You simply twist the unit to adjust to the desired height.

Height: 35 – 100mm/1.5 – 4in (legs)

75 – 140mm/3 – 5in (castors)

100 – 160mm/4 – 6.5in (block feet)

SWL: 700kg/110st

- ✓ Armchairs
- ✓ Sofas
- ✓ Beds

Ring Cushion

A moulded foam cushion for increased comfort when sitting.

Dimensions: 475 x 500mm/19 x 20in

Repose Cushion & Pump

An air-inflated cushion which offers clinically-proven effectiveness in preventing pressure damage. It is stored inside its pump, making it highly portable and ready for use quickly.

Dimensions: 450 x 450mm/18 x 18in

Align Gel Cushion

A low-profile solid gel overlay cushion, suitable for those at medium to high risk of pressure damage. An ideal pressure care solution for use with armchairs or wheelchairs which doesn't compromise seat height.

Putnams Wedge Cushion

An ideal solution at home, in the office, or in the car, these wedge cushions tilt the pelvis forward to correct spinal alignment, reducing pain and improving posture. In addition to an 8° cushion, the 11° version is particularly popular in 'bucket' car seats; both options are also available with a coccyx cut-out. Supplied with a soft velour cover.

Dimensions: 360 x 360mm/14 x 14in

Putnams Coccyx Zero Pressure Cushion

A great range of seat cushions for all-round comfort with integral pockets to allow air circulation and high profile foam to eliminate numbness and relieve pressure points. Cut-outs are also available for additional pressure relief in specific regions:

Coccyx:

Relieves pain and pressure at the base of the spine.

Bony Parts:

Relieves regional pain and pressure from the Ischial Tuberosities.

You can also choose between the standard (3in) or deluxe (4in) thickness. Supplied with a washable cover.

Dimensions: 425 x 410mm/17 x 16in

Cardiff Legrest

A comfortable legrest with a padded concave top and independently height adjustable legs for support and improved circulation. Available with castors or rubber slip-resistant feet.

Length: 500mm/20in

Width: 320mm/13in

Height: 380mm – 500mm/15 – 20in

Kidney Overchair Table

A wheelchair and armchair friendly table that is height adjustable and provides a large table top surface while allowing you to comfortably rest your arms.

Width: 1040mm/41in

Depth: 350mm/14in

Height: 650mm – 800mm/26 – 31in

Daleside Table

A height, width and angle adjustable table that is ideal for armchairs, with a reversible side table for left or right hand use. An optional extension piece also allows the table to be used over a 3 or 4ft bed.

Table top Width: 720mm/28in

Table top Depth: 460mm/18in

Frame Width: 720 – 1220mm/28in – 48in

Height adjustable: 720 – 910mm/28 – 36in

Our Overbed Tables can be found on page 38

Chair Alertamat

Detect PIR Sensor

Nursecall Button

Lambswool Heel Protectors

Deep pile wool protectors to protect the heels from pressure damage. Machine washable.

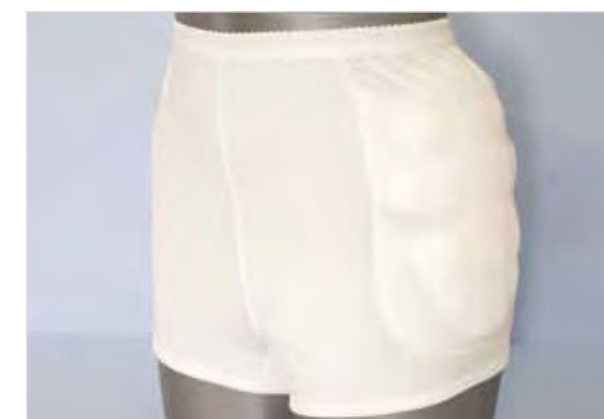

Lambswool Fleece

Deep pile wool fleece designed to increase comfort and protect bony areas from pressure sores and shearing, available in three sizes for chair, half-bed and full-bed coverage. Machine washable.

Lambswool Elbow Protectors

Deep pile wool protectors to protect the elbows from pressure damage. Machine washable.

Hipshields

Hipshields are designed to reduce the risk of hip fractures or to protect the hip after an operation. The padded hip protector is held in a pouch within the pants and deflects any impact away from the hipbone to prevent injury.

Available in male and female sizes. Supplied in a triple pack.

Defender Key Safe

The Defender Key Safe provides a secure and convenient way to store your keys for carers, relatives or friends. It's large enough for five keys and is cleverly disguised with a weatherproof cover. It's also easy to use with large, easy-press buttons and the safe automatically resets whenever it's opened or closed.

Dimensions: 115mm x 50mm x 40mm

Pedal Exerciser

Ideal for gentle upper or lower body exercise to assist with circulation, co-ordination and muscle strength. It features two resistance levels so you can adjust the intensity of your exercise.

Sandpiper footwear

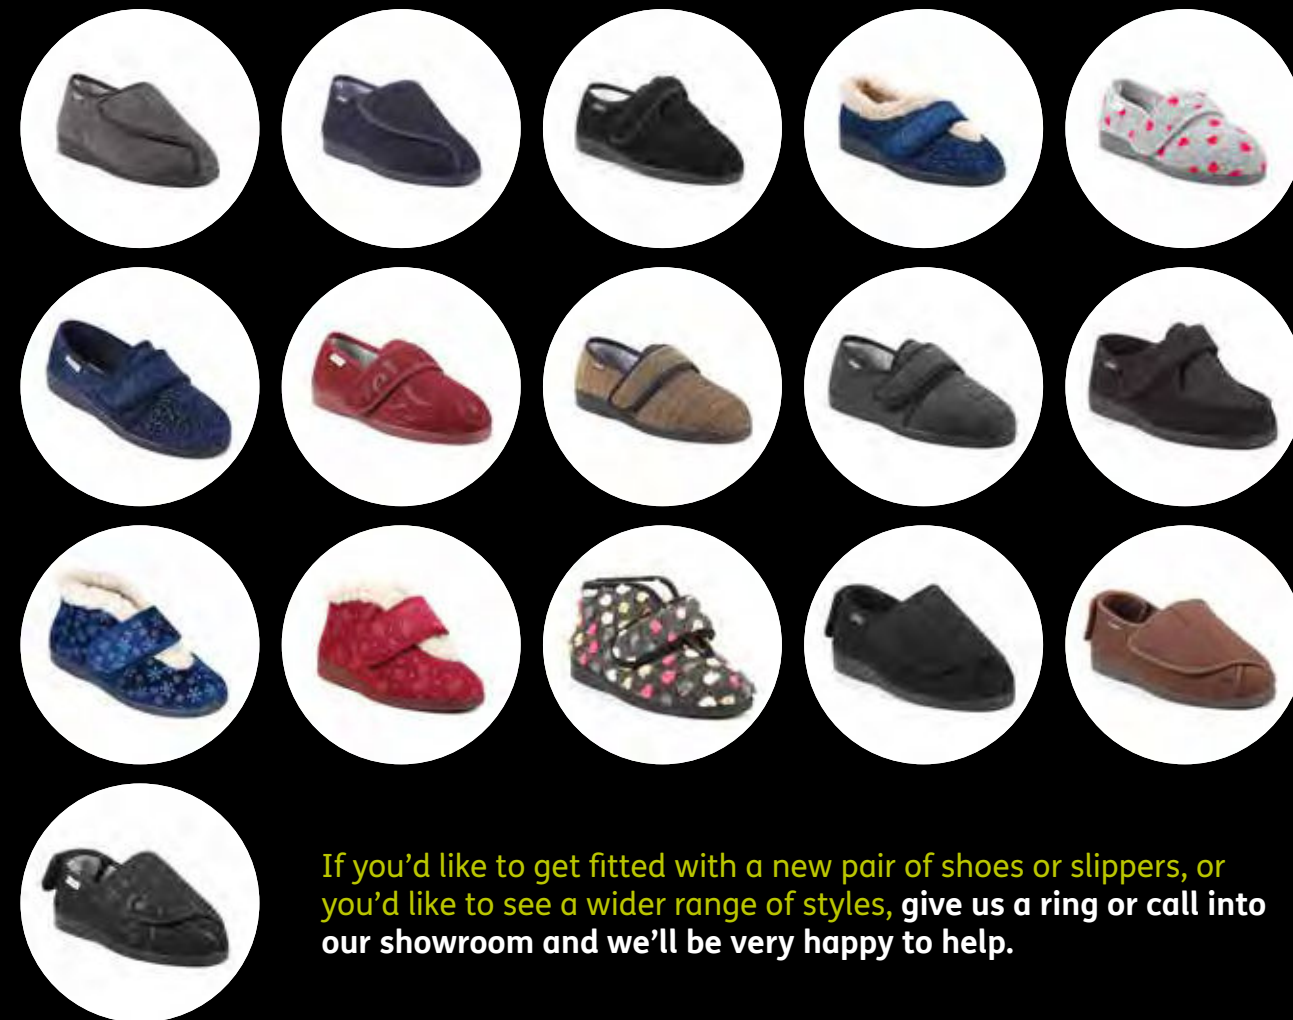

A carefully designed range of comfort footwear for wide feet and problem toes!

Common features:

- ✓ Suitable for diabetics
- ✓ Touch fastening
- ✓ Underfoot support
- ✓ Ladies sizes: 3 – 9
- ✓ Mens sizes: 6 – 12
- ✓ Extra wide 4E-6E fitting

Sandpiper Slippers

If you'd like to get fitted with a new pair of shoes or slippers, or you'd like to see a wider range of styles, give us a ring or call into our showroom and we'll be very happy to help.

Sandpiper Shoes & socks

Specialist Footwear Features:

- ✓ Super soft leather uppers
- ✓ Soft breathable lining
- ✓ Long straps for maximum adjustments, no need for extension pieces, the styles with touch fastening have extra-long straps – giving maximum adjustment.
- ✓ Padded ankle support
- ✓ Extra wide openings, easy to put on and off, even with very swollen feet.
- ✓ Removable, washable insoles – these can be removed and washed at 30°C to keep your shoes looking and smelling fresh.
- ✓ 3 in 1 fitting system – some styles have 2 removable insoles. Using both insoles for maximum cushioning. Remove the mid-sole for extra room. Remove both insoles to use your own orthotics or give you even more room.
- ✓ Deep toe box, soft toe puff – Lots of room around the toes, with no internal seams or ridges.

Neo-G VCS Supports

Adjustable, universal size supports made from heat therapeutic neoprene to relieve muscular aches and arthritic joint pain. They're also helpful for repetitive strain injuries or in rehab following surgery.

Neo G Open Knee Support

- ✓ Open patella design with stitched buttress helps patella tracking and prevents twisting at the knee
- ✓ Weight-bearing pressure is more evenly distributed helping with arthritic and meniscus pain
- ✓ Wrap-around strap allows you to adjust the level of support and compression
- ✓ Fits either the left or right knee (up to 560mm/22in, measuring 4 in above knee for maximum size)
- ✓ Compatible with hot/cold therapy disc

Neo G Stabilised Open Knee Support

Flexible metal spiral stays on either sides provide additional stabilisation and support

Neo G Ankle Support

- ✓ Reduces excessive plantar flexion as well as inversion and eversion of the ankle
- ✓ Adjustable figure of 8 strap provides additional compression and support
- ✓ Fits either left or right ankle
- ✓ Compatible with hot/cold therapy disc

Neo G Elbow Support

- ✓ Inbuilt vibration dampening pad provides added protection during occupational or sporting activities and reduces tendon irritation
- ✓ Ideal for epicondylitis (tennis/golf elbow)
- ✓ Fits either the left or right arm
- ✓ Compatible with hot/cold therapy disc

Neo G Wrist Support

- ✓ Helps manage pain caused by joint or tendon overuse in the wrist or thumb
- ✓ Fits either left or right wrist
- ✓ Compatible with hot/cold therapy disc

Neo G Stabilised Wrist Brace

- ✓ Ideal for carpal tunnel syndrome, tendonitis and tenosynovitis
- ✓ Removable metal splint provides additional stabilisation
- ✓ Adjustable strap provides additional compression if needed, encouraging correct alignment of the carpal bones to reduce inflammation
- ✓ Compatible with hot/cold therapy disc

Available in left and right hand fitting

Neo G Back Brace

An adjustable brace with power straps and stays that is designed to help reduce unwanted or excessive movements at the lower back, making it ideal for people suffering from chronic backache. There's also an additional insert that provides a gentle lumbar massage as you move to relieve muscle spasm.

Fits up to 132cm / 52in (measure waist circumference for maximum size)

Neo G Hot and Cold Therapy Disc

A flexible and reusable therapy disc that can be used hot or cold with a range of supports to relax muscles and relieve pain and swelling.
