## **BLAZER**

### A Compact and Capable Solution

The Blazer is a compact powerchair, making it great for indoor use and manoeuvring in tight spaces. Powerful motors, large front castors and rear suspension make it capable outdoors. It is available in a choice of seats, either an adjustable sling or a comfortable captain seat.

### Easy Transfer

The flip-back armrests and swing-away footrests make it easy to transfer to and from the seat or move closer to a table.

### Excellent Indoor Maneuverability

One of the most compact power wheelchairs on the market, Blazer handles brilliantly through doorways, into lifts, and around corners.

### Outdoor Prowess

Blazer's excellent performance extends outdoors; independent rear wheel suspension and oversized casters ensure a smooth ride, while an optional LED lighting system adds safety for on-road use.

## Compact

The backrest can be folded easily folded flat onto the seat for transport or storage.

## Positioning

- Optional Power Tilt-in-Space up to **20°**
- Optional Manual Recline
- Standard Seat to Back Angle Adjustment **92°/97°/102°**

## Adjustable

The seat depth, back angle, headrest height, headrest angle, armrest height, armpad position, and footrest depth are all adjustable.

## Adaptable

The sling seat is compatible with third-party backrests and accessories.

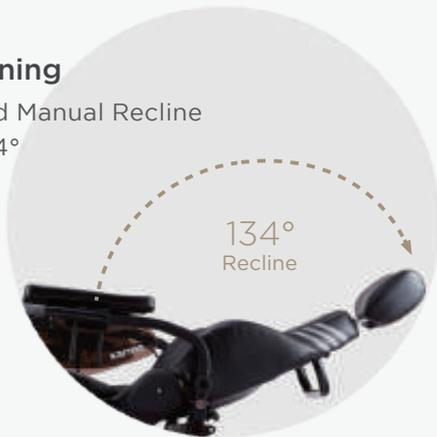

## Blazer Captain

The Blazer Captain Seat (KP-31.2 CPT) is anatomically contoured and offers great comfort with its manual recline function. This chair is ideal for individuals looking for basic trunk control and a comfortable ride.

### Positioning

Standard Manual Recline up to 134°

18" Captain Seat

20" Captain Seat

### Multiple Sizes
