Please email all orders to  
[Ottobockmobility@ottobock.com](mailto:Ottobockmobility@ottobock.com)

Valid from 01.01.2025 to 31.12.25  
Please ensure you are using the latest order form

By placing the order, you agree to comply with the instructions for use/service manuals for accessories and products of other manufacturers when combining them with an Ottobock product, in addition to the instructions for use/service manuals of the respective Ottobock products. Also you confirm to have read, understood and accepted, our general terms and conditions. In addition, you agree, upon placing an order, to conduct your own conformity assessment or approval in accordance with national requirements if and when you implement modifications or attachments that do not meet the specifications of Ottobock instructions for use/service manuals.  
Wheelchairs with CLT package cannot be returned or exchanged

### Standard equipment selection (unless alternative selected)

Article number: 480F160=1\_AA05\_C

- Open aluminium tube frame
- Side support (for drive wheels) permanently welded
- Back support connection permanently welded
- Adaptable back support upholstery
- Aluminium side panels
- Modular design
- Drive wheels with quick-release axles
- Knee lever wheel lock 4.0
- Calf strap

**max. user weight 100 kg**

# Active wheelchair *Zenit R CLT*.

## Wheelchair measurements

- 1 Anterior seat height (aSH) = ground to top of seat upholstery
- 2 Lower leg length (LLL) = top of seat upholstery to top of foot plate (without seat cushion). Please consider the dependencies LLL and aSH.
- 3 Posterior seat height (pSH)= ground to top of seat upholstery
- 4 Back support height (BH)= top of seat tube to top of back support upholstery
- 5 Seat depth (SD) = front of seat upholstery to back support tube
- 6 Seat width (SW) = outside edge of frame tube to outside edge of frame tube

A manufacturing tolerance of 10 mm applies to all measurements and of 10 % to specified weights.
